A quorum at the Dogs of War MCC AGM is 51% of the number of Presidents who must be present in person. Every individual will have one vote per item. In the case of a tie of votes, the National President has the casting vote. If an AGM cannot be held due to circumstances beyond the EXCOs control, an electronic meeting can be convened. A rank bearing member of the EXCO holds office for a term of five years, starting in May 2025 and may serve for a maximum of two consecutive terms. The first election of National President will be held during 2030, followed by the election of National Vice President during 2031 and the the election of National Sergeant at Arms during 2032. These elections will take place at the Club AGMs held during those years. Thereafter these elections will be staggered to take place at Club AGMs every five years during three consecutive years. Between elections a member of the EXCO can only be removed/replaced after a majority vote of no confidence against such member at a Club AGM or a Special General Meeting (SGM) and the remaining EXCO members will then appoint a replacement to be ratified at the following AGM.

10.1.5 The EXCO may call a Special General Meeting (SGM) at any time for a specific purpose and such meeting may be conducted as an electronic meeting. The EXCO must convene a SGM within fourteen days of receipt of a written request to do so signed by at least 51% of the number of Presidents at the time.

10.1.7 A Chapter President will hold office until he resigns or until a majority vote of no confidence from his Chapter is received by the EXCO, at which stage the EXCO consider the appointment of a new President after investigation/due consideration – the final decision in this matter will lie with EXCO. The EXCO can replace a President at any stage.

10.1.8 The EXCO may regulate the finer details regarding Club meetings in a Standing Working Procedure (SWP) written for this purpose on condition that such SWP is not in any way in conflict with this Constitution.

10.2 Membership

10.2.1 The Club acknowledges the protocols and guidelines of the South African National Biker Council Alliance (SANBCA). The Club does not specify the minimum hang around/ride along period required with the closest Chapter of the Club. After an initial hang around/ride along period the biker can apply for membership and if accepted (as per paragraph 10.2.2) will then be required to ride as a Dogs of War prospect for another 6 months minimum during which time the prospect must take part in at least 3 formal Club Chapter rides and attend at least three Club Chapter meetings, after which time he can then be considered to be patched as a full member. Every prospect will be required to have a full patch keyholder Club member as a sponsor during his prospect period. The sponsor must provide support and

guidance to the prospect, must mentor the prospect and must help the prospect understand all the Club rules.

10.2.2 The full patch keyholder Club members within a Chapter will be required to decide, by unanimous vote, whether or not to allow a ride along to prospect and whether or not to allow a prospect to be fully patched. To become a fully patched keyholder member of the Club a biker will have to own a motor cycle of 600cc or larger which he/she rides with a valid RSA motor cycle drivers' license or valid RSA motor cycle learner drivers' license.

10.2.3 Any biker who has left another motorcycle grouping of whatever type, will be required to serve a compulsory "cooling off period" of a minimum of 6 months before he can join the Club. During this 6 month period the biker will not be allowed to wear a patch identifying him/her as being part of the biking community.

10.2.4 Everyone joining the Club will be required to complete and sign a membership application form which includes certain undertakings and disclosure of certain personal information.

10.2.5 Everyone joining the Club will be required to pay an once off enrolment fee to the Club and after being fully patched as a keyholder be required to pay an annual membership fee to the Club as determined from time to time at an AGM.

10.2.6 A hang-around is the official biker's name for a person who is trying to get to know a motorcycle group for the purposes of becoming a prospect at that group. You can spend time with a motorcycle group and hang out with them every night and not be considered a hang-around. When you become a hang-around with the Club, this will be called a ride-along period and it is then formally acknowledged that you are at a stage where you want to learn more about the Club for the purposes of prospecting for the Club. A ride-along with the Club will be required to wear a black leather "cut" (leather waist coat without sleeves) without anything anywhere on it.

10.2.7 A prospect is the first level of membership any person may attain. Someone must transition from being a ride-along to being voted in as prospect. The purpose of the prospecting with the Club is for the prospect to get to know the Club and for the Club to get to know and trust the prospect as a brother in the Club. A prospect with the Club will be given the GBNF side rocker, buddy project tag and a leather prospect chest tag to wear on front of his black leather cut. A prospect with the Club will wear only the top and bottom rocker of the full Dogs of War patch on the back of his cut.

10.2.8 A member of the Club (keyholder or pillion), whether the member completed military service/other qualifying active service or not, will wear WE SERVED as bottom rocker.

10.2.9 A wife/life partner of a patched keyholder member of the Club may be patched as a pillion by following the application process, but will not be required to ride along or prospect. In the event of this member also riding a bike, she will always be regarded to be under the supervision of her patched keyholder Club member husband/partner and in terms of the SANBCA protocols and guidelines she will not be regarded as an "independent rider". When the Club membership of her husband/partner is terminated, her membership will also automatically terminate, except if her Club member husband/life partner passed away, in which case she will have the choice to remain an honorary member of the Club.

10.3 Establishment of a Dogs Chapter in a new area

10.3.1 Only when six or more independent keyholders, as defined in the SANBCA protocols and guidelines are present in an area, the EXCO will assist with the process to establish a Chapter following

the steps prescribed in the SANBCA protocols and guidelines and in the protocols and guidelines / Constitution of the area's Bikers' Controlling Body.

10.3.2 The EXCO will tentatively appoint members to the posts of President, Vice President and Sergeant at Arms for initial command and control purposes, but all appointments within the Chapter will be decided about by the members of the Chapter at the first AGM of the Chapter subject to paragraph 10.1 of the Constitution.

10.5.2 When a member joins the Club, he/she pays an enrolment fee, whereafter the Club provides him/her with the Club's Colours which remains the property of the Club.

10.5.3 A member who leaves the Club must surrender his/her Club Colours and any items that denote membership of the Club. The enrolment fee or any other fee(s) paid, irrespective of what it was called at the time, do not constitute a "purchase" of the Club's Colours and is never refundable.

10.5.4 A member is not allowed to represent or ride for another motor cycle club or grouping whilst he/she is a member of the Club – no "dual patching" is allowed.

10.5.5 The Club's Colours can be removed at any time by the EXCO or Chapter, following due disciplinary process flowing forth from the Code of Conduct.
